

South Carolina Fertilizer & Agrichemical Association

Introducing our New Member Sponsorship Program

WE NEED YOU! You are an important member of our industry and we are seeking your support of our summer convention, annual meeting and our scholarship program.

Our 2022 summer convention will be held August 3-5 at the Omni Resort, Hilton Head, SC. Our 2022 convention format will provide informative educational opportunities, more time for networking, and time to enjoy the beach with your family.

We hope that you will be able to attend the 2022 convention. Unfortunately, meeting costs like all other costs have increased this year and we need your help more than ever to keep registration costs for attendees reasonable.

The directors of SCFAA recently decided to simplify our membership structure. Rather than offering three levels of memberships, we will only offer individual active memberships (\$100). We would like to invite manufacturers, dealers and individuals who would like to further sponsor or support activities of the Association to select one sponsorship level and make one payment to cover membership and sponsorship. All sponsors will receive promotional opportunities at all SCFAA events throughout the year and on our newly designed web site. Sponsorship funds will be used to support activities of the association, summer convention, educational meetings and our scholarship program. We believe in education of our youth and currently provide three scholarships to students majoring in agriculture at Clemson University or one of our state supported colleges.

Our membership consists of agri-business firms engaged in manufacturing, distribution and wholesaling as well as individuals providing services, farm supply dealers, and retailers of crop production inputs and services.
